This document is hereby regraded to **CONFIDENTIAL** in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.

1. The activities of Som Nath Lahire, Communist member of the Constituent Assembly, will consist chiefly of party propaganda, as the Communist Party has no support in the Assembly. Lahire is the editor of SADINAUTA, a Bengali daily newspaper.
2. One reason for Congress Party antipathy toward the Communist Party is that the latter is sympathetic toward the Muslim League demand for Pakistan. The Communists believe that Sardar Vallabhai Patel, Home Member of the Interim Government and a powerful member of the conservative Congress Party group, is responsible for the present attitude of the Congress Party toward the Communists.
3. In the Sind Assembly elections Kazi Mohamed Akbar was elected on the Muslim League platform; he was officially supported by the Communist Party.
